STUDENT HANDBOOK

2024 - 2025

STUDENT HANDBOOK

The Student Hand Book is a very important document. All students and respective parents/guardians must read it carefully and follow the given instructions in letter and spirit. It will serve as guide as to how you can best become and take advantage of the facilities, activities and opportunities provided to you during your stay at the FUI. The rules and regulations are subject to changes if any, will be notified from time to time as deemed necessary and appropriate by the University in order to fulfill its vision and objectives. Ignorance of a rule is not an excuse.

The Student Hand Book is complementary to prospectus and has to be followed in conjunction with the prospectus. It contains rules and regulations applicable to students once they have been admitted in Foundation University. The prospectus provides complete information to those who are seeking admission. In case of any disparity/contradiction, the decision of the university management will be deemed final.

The hand-book addresses state of affairs concerning conduct and performance. It provides all the required information regarding various student support systems and any other matter of the Campus. It also contains details regarding the courses offered and fee charged.

The co-education in the Campus places a heavy responsibility on the management and the students alike. The students therefore are expected to follow a befitting code of conduct. Any misconduct and immoral behavior, whether inside or outside the class room, will be taken very seriously and may lead to expulsion.

Each faculty member, library staff and administrative staff has the authority to impose discipline and refer the case to the Disciplinary Committee through Manager Student Affairs (MSA). Parents are invariably called to apprise them of the status of their wards in the Campus.
